

Bug Report

ID number	#1
Name	Hidden div with text
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	There is a hidden div in the website's source code that contains the text "### Hello! I'm a bug, while you are at it report me too. :) ###"
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	 A screenshot of the Chrome DevTools 'Elements' tab. The HTML structure is visible, and a red circle highlights a specific line: <div hidden>### Hello! I'm a bug, while you are at it report me too. :) ###</div>. The surrounding code includes the HTML doctype, head tags, and various meta tags.
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Minor
Assigned to	/
Priority	Low

Description

In the website's source code, there is a hidden div element that contains text that is irrelevant to the rest of the website. This text is hidden visually and also is not read by screen-readers. The text says "### Hello! I'm a bug, while you are at it report me too. :) ###".

Steps to reproduce

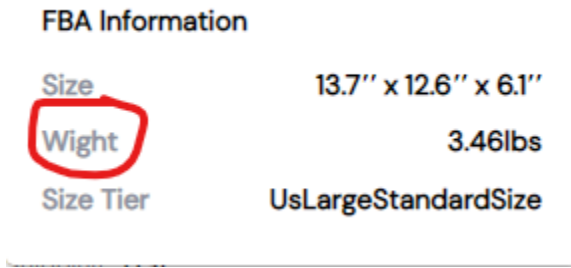

1. Open the Developer Tools by pressing F12.
2. Look at the 5th line under the Elements tab of the Developer Tools.

Expected result

There should not be a hidden div element with irrelevant text.

Actual result

There is a hidden div element with irrelevant text.

ID number	#2
Name	Spelling error in products' FBA Information
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	In all of the products' FBA Information overlays, "Weight" is spelled incorrectly.
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	 <p>The screenshot shows an 'FBA Information' overlay. On the left side, there are three labels: 'Size' (with a red circle around it), 'Wight', and 'Size Tier'. To the right of these labels are the values: '13.7" x 12.6" x 6.1"', '3.46lbs', and 'UsLargeStandardSize'. The word 'Wight' is misspelled and is circled in red.</p>
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Minor
Assigned to	/
Priority	Low

Description

In each product's FBA Information overlay, there is a label that says "Wight". It should be spelled "Weight".

Steps to reproduce

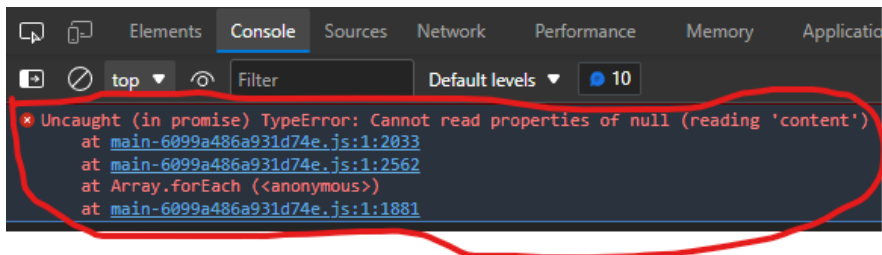

1. Hover over the gray size tier label in the "Fee" column of a product's row to open the product's FBA Information overlay.
2. Look at the second gray label on the left side of the overlay.

Expected result

The label should say "Weight".

Actual result

The label says "Wight".

Name	Uncaught TypeError displaying in the console
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	There is an error printing to the console that says “Uncaught (in promise) TypeError: Cannot read properties of null (reading ‘content’)”.
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Minor
Assigned to	/
Priority	Low

Description

There is an Uncaught TypeError printed in the console. Its message says “Uncaught (in promise) TypeError: Cannot read properties of null (reading ‘content’)”.

Steps to reproduce

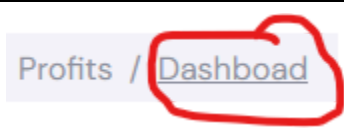

1. Open the Developer Tools with F12.
2. Click the “Console” tab on the top of the Developer Tools.
3. Look in the console.

Expected result

There is an error printing to the console.

Actual result

There should not be any errors printing to the console.

ID number	#4
Name	Link text spelling error
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	The link to the dashboard says "Dashboad" instead of "Dashboard".
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Minor
Assigned to	/
Priority	Low

Description

The link to the dashboard contains a spelling error.

Steps to reproduce

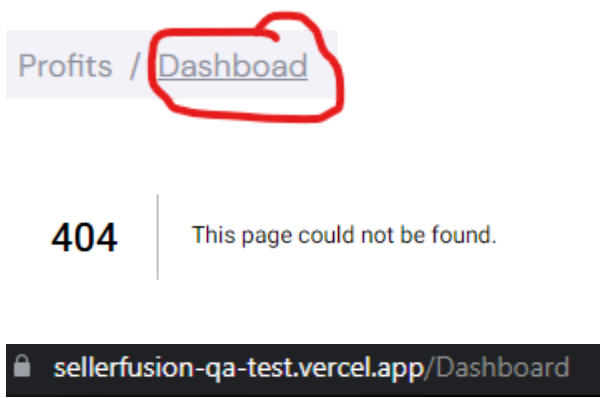

1. Look at the pair of links above the bolded page title that says "Dashboard".
2. Look at the second link.

Expected result

The link should say "Dashboard".

Actual result

The link says "Dashboad".

ID number	#5
Name	Broken hyperlink
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	The "Dashboad" link sends the user to a page that doesn't exist.
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Minor
Assigned to	/
Priority	Low

Description

When the user clicks on the "Dashboad" link, it sends the user to a page that doesn't exist.

Steps to reproduce

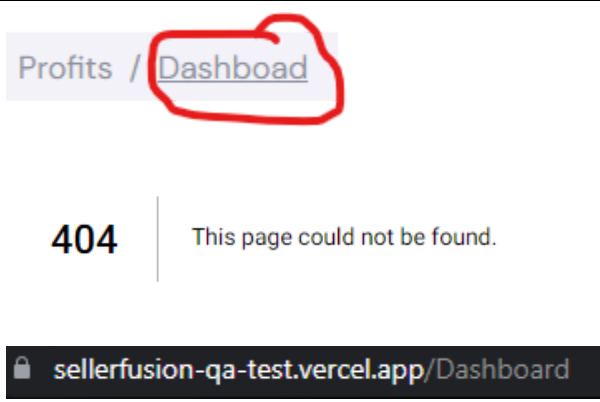

1. Look at the pair of links above the bolded page title that says "Dashboard".
2. Click on the link that says "Dashboard".

Expected result

When the user clicks on the link, it should send the user to the dashboard page (https://sellerfusion-qa-test.vercel.app/).

Actual result

When the user clicks on the link, it sends the user to a page that doesn't exist (https://sellerfusion-qa-test.vercel.app/Dashboard).

When the user clicks on the link, it sends the user to a page that doesn't exist (https://sellerfusion-qa-test.vercel.app/Dashboard).

ID number	#7
Name	Incorrect Unfulfillable and Total values
Reporter	Stevon Wright
Submit Date	1/10/2022
Summary	3 products display incorrect Unfulfillable and Total values.
URL	https://sellerfusion-qa-test.vercel.app/
Screenshot	
Platform	Windows
Operating System	Windows 10 Version 21H1 Build 19043.1415
Browser	Chrome Version 97.0.4692.71 (Official Build) (64-bit)
Severity	Major
Assigned to	/
Priority	Medium

Description

The 1st, 8th, and 10th products in the table display an incorrect number for the “Unfulfillable” and “Total” (fulfilled quantity) metrics in their Amazon Fulfilled Quantity overlay. Because the “Unfulfillable” metric (in red) is not equal to the “Total” (unfulfilled quantity, in blue), the “Total” (fulfilled quantity, in green) is incorrect.

Steps to reproduce

1. Hover your mouse over the purple “FBA” label in the “Inventory” column of the first row in the table.
2. Look at the “Unfulfillable”, “Total” (fulfilled quantity), and “Total” (unfulfilled quantity) values.
3. Repeat steps 1 and 2 for the 8th and 10th rows in the table.

Expected result

The “Unfulfillable” value should be equal to the “Total” (unfulfilled quantity) value.

Actual result

The “Unfulfillable” value is different from the “Total” (unfulfilled quantity) value.
